Put a Premium on Your Health

My Health*e*Vet, VA's online patient portal, gives you the information to understand and manage your VA health care.

With a free My Health*e*Vet Premium account, you have secure, 24/7 access to the full suite of My Health*e*Vet tools and services.

Access your VA health records.
View, download, and print health information, reports, and images from your VA medical record.

Send secure messages to your VA care team online.
Ask your VA health care team or other VA staff nonurgent health questions, request referrals and medication inquires, and send updates on your condition.

Refill your VA prescriptions.
Request refills of your VA prescriptions, track when your prescriptions are shipped to you, and view your current VA prescriptions and VA prescription history.

Manage your VA appointments.
View, schedule, and cancel appointments and join video visits using the VA Appointments tool.

Getting Started with My Health*e*Vet Premium

New and existing users can upgrade to Premium in person, online, or via video.

✓ **Upgrade in Person**
by making an appointment with your local VA's My Health*e*Vet Coordinator

✓ **Upgrade Online**
by using a Sign-In Partner (DS Logon or ID.me) on the My Health*e*Vet website

✓ **Upgrade By Video Appointment**
by contacting the My Health*e*Vet Coordinator at your local VA for more information

My Health*e*Vet Premium accounts are free and registering for an account takes just a few steps.

If you are new to My Health*e*Vet, first create an account by visiting *myhealth.va.gov*, selecting **Register**, and filling out the required fields.

If you are a My Health*e*Vet user, you may already have a Premium account. Check if there is a Premium label next to your name: (Premium **P**).

For more information, contact the My Health*e*Vet Coordinator at your local VA facility. Find contact information for your local VA facility at *va.gov/find-locations*.
